Supplemental Aid to the Blind		X	** Overhead expenses of producing income, standard exemption of earned income (\$85 + 1/2), other expenses of producing income (child care, transportation, etc.) are disregarded. Eligibility is computed by subtracting net countable income excluding SSI from a standard expense (\$437 effective 1/1/91). If there is a deficit grant computation is followed. The amount of SSI being received is subtracted from the grant maximum (\$322)* to arrive at grant amount. ***These maximums change periodically.
